

RJ Modular Plugs

ConnectMedia RJ Modular Plugs are designed for termination to line cords for patching or connecting telephones and computer equipment to work area outlets. We offer plugs for 24-28AWG flat stranded cable and 24AWG twisted pair stranded or solid cable applications. The plugs are available in 4P4C, 6P4C, 6P6C and 8P8C configuration in bags of 10 pieces and 100 pieces.

- ➔ Flat or round cable entry options
- ➔ Stranded or solid wire contacts
- ➔ 4, 6 & 8 contact versions
- ➔ One crimp tool for all plugs
- ➔ ACA Compliant
